PROFESSIONAL SUMMARY

Aspiring Network Engineer with strong knowledge of TCP/IP, Subnetting, Routing & Switching, VLANs, DNS, and DHCP. Hands-on experience configuring static routing and dynamic routing protocols in lab environments using Cisco Packet Tracer. Currently pursuing CCNA certification with a strong interest in network design, troubleshooting, and infrastructure security. Quick learner with strong analytical, troubleshooting, and problem-solving skills.

TECHNICAL SKILLS

- **Networking:**
OSI Model, TCP/IP, Subnetting, VLAN, Inter-VLAN Routing, LAN/WAN, NAT, DNS, DHCP, VPN
- **Routing Protocols:**
Static Routing, RIP, OSPF, EIGRP, Basic BGP
- **Switching:**
VLAN Configuration, Trunking
- **Server & Infrastructure:**
Active Directory (User & Group Management, OU, Basic GPO), Windows Server Basics
- **Tools:**
Cisco Packet Tracer, Wireshark
- **Others:**
MS Office, Remote Desktop (RDP), Basic Firewall Configuration

CERTIFICATION

- **CCNA Certification** – Elysium Academy, **Chennai**
- **Java Full Stack Development** – QSpiders Vadapalani, **Chennai**
- **Java Programming** – Greens Technology, **Chennai**
- **Python Programming** – Elysium Academy, **Chennai**

EDUCATION

Thiruthangal Nadar College, Chennai (Affiliated with Madras University)	2023 – 2025
M.Sc., Computer Science	CGPA: 8.1 / 10.0
Patrician College of Arts and Science, Chennai (Affiliated with Madras University)	2020 – 2023
Bachelor of Computer Applications (BCA), Computer Applications	CGPA: 7.8 / 10.0

PROJECTS

1. Panchayat Union Automation System – (M.Sc. Final Year Project)

- Developed a centralized administrative management platform using Java & MySQL
- Implemented secure authentication and role-based access
- Designed database schema and report generation system

2. Online Bookstore (In Progress)

- Developing REST APIs using Spring Boot
- Integrating Razorpay payment gateway
- Implementing authentication and transaction processing

LAB SIMULATIONS & PRACTICAL CONFIGURATIONS

- Configured static and dynamic routing protocols (RIP, EIGRP, OSPF, BGP Basic Configuration & Concepts)
- Implemented Inter-VLAN Routing (Router-on-a-Stick)
- Configured Standard & Extended ACL for traffic filtering
- Implemented NAT and DHCP services
- Configured SSH and Telnet remote access
- Designed and tested STP and Port Security mechanisms
- Performed EIGRP metric manipulation
- Configured Web and FTP servers in simulated LAN
- Implemented VLAN segmentation and trunking
- Performed network troubleshooting using ping, traceroute, and show commands

ACHIEVEMENTS & COMPETITIONS

- **Smart India Hackathon 2022** – Finalist
- Participated in **Innovation & Ideathon Participant** (IoT & Automation-based Projects)

LEADERSHIP & CAMPUS INITIATIVES

- **Hackathon Leadership:** Demonstrated leadership and event management by successfully organizing two major competitive hackathons: **Patrician Hackathon 2023** (UG) and **NextGen Nexus 2025** (PG).
- **Coding Expertise & Mentorship:** Assisted peers by guiding and reviewing programming records for both UG and PG programs.
- **Organizational Roles:** Served as **Class Representative** (UG & PG) and **Incubation Cell Secretary**.

SOFT SKILLS

Problem Solving | Quick Learner & Adaptable | Team Collaboration | Communication Skills

LANGUAGES

English (Fluent) | Tamil (Mother Tongue) | Hindi (Basic)
